# JOHN FLYNN OPTICIANS AN INDEPENDENT PRACTICE IN THE HEART OF BEESTON

**NEW LOW VISION AND EYEWEAR STYLING CONSULTATION SERVICE FOR NEW AND EXISTING PATIENTS!**

John Flynn Opticians is able to now provide eye examinations throughout the week on most days. The practice has also a brand new Eyewear Styling Service for existing and new patients at their practice in Beeston after recently training their team as professional eyewear stylists. This individually dedicated consultation service, offers patients a unique and bespoke eyewear styling consultation to help them to discover their perfect eyewear to suit both their optical and style needs. The consultations are curated by Annette and Wendy and this will enable all patients to feel assured they are being given an unparalleled consultation service to find them their perfect eyewear.

**BOOK AN EYEWEAR STYLING CONSULTATION**

**BOOK AN EYE EXAMINATION**

**BOOK A LOW VISION ASSESSMENT**

**BOOK A DRY EYE/BLEPHARITIS CONSULTATION**

**DO YOU SUFFER FROM POOR VISION OR DO YOU KNOW ANYONE WHO MAY BENEFIT FROM SPECIALIST SPECTACLES AND AIDS?**

**0115 925 5051/939 2421**

"I chose John Flynn Optician as it is local to me a well recommended. I like that it is an independent practice and not a large chain. They also have good quality frames and lenses.

My eye examination with Dr. Janjua picked up an astigmatism that had not been previously recognised. It made a positive difference to my headaches.

All the staff are a delight - friendly and helpful. It's a pleasure to visit."

**A. Chidlaw**

"Friends and people I know had told me how satisfied they were with John Flynn Optician, so I thought I would give it a try. I do not think my experience could have been bettered by any other practices.

I refer of course to the service and advice of the optician given to me two years ago at this practice at which time I was suffering with cataracts, and under his directive, I received hospital appointments where they were removed o.k. Dr. Janjua once again gave me a good examination.

He, like myself, was happy his last examination and my requirements had been correct.

The practice's team are very good. They are welcoming, happy and helpful. They are a pleasure."

**J. Foster**

"I was recommended to come to John Flynn Opticians by family. They have lovely staff who explain everything in detail, much more thorough than other opticians I have been to.

I love my new glasses, the shape and the colour. My eye examination was very thorough and detailed and the optician explained what all the technical words meant."

**R. Fazal**

"John Flynn Optician have friendly and knowledgeable staff who take their time to help with frame choices. It's a local opticians with a large selection of frames and a fast service. My glasses are perfect and fashionable. Just what I wanted. The exam with Dr. Janjua was very professional and thorough. He takes his time to explain everything whilst being friendly and kind."

**E. Collins**

"I cannot speak highly enough of Dr Janjua and all his team at Flynn Opticians in Beeston. Due to wrong prescriptions in the past going to him changed my life. Not only do you get the best product on the market and expert advice, everybody is so helpful and kind. I would not go anywhere else."

**J. West**

"I'd heard that the glasses were great quality and the service was great at John Flynn Optician. The staff have been very helpful and gave me all the facts I needed. I love the personal touch and that you don't have to ask for help - it's just given. I love my new glasses - the style, the colour, the quality - everything. Dan and Annette have been brilliant from the minute I walked in the door. They are very friendly and provided perfect service in every way. I will be coming back and will share my experience with others."

**L. James**

**DON'T JUST TAKE OUR WORD FOR IT... READ WHAT OUR CUSTOMERS HAVE TO SAY...**

"Just picked up my third pair of specs from Flynn's. I've used them for years and cannot fault them, from the excellent care with my sight test to Annette and Wendy who are on hand to advise, make sure your specs fit and sit properly and just generally make you feel welcome. Nothing is too much trouble. Thank you all. Until my next visit."

## COP a look: how to involve youngsters in the UN climate change conference

As world leaders converge on Glasgow, families and schools should grab the opportunity to involve youngsters in sustainable ways in which to battle climate change. Former primary school teacher Catherine Lynch of education resource experts PlanBee has some great ideas.

### Ways to set the ball rolling...

#### 1. Involve children in helping to plan how the school can be more eco-conscious

The more involved everyone is, the more invested they will be in achieving meaningful results. Let the children help to form the plan and let them be advocates for it. Create an eco council and let them be part of the decision-making process.

#### 2. Switch to eco-friendly options for school supplies

Pick eco-friendly cleaning products, choose sustainable stationery supplies and do what you can to make a positive school wide change.

#### 3. Reduce waste

Instead of giving out brand new books each year, use workbooks and reading records until they are finished.

Think about what happens to left-over food. Rather than throwing food in the bin, donate what you can to local families or food banks and compost the rest. Buy milk in large bottles (not individual cartons). You'll produce less food waste, less plastic waste and children have the opportunity to wash up the reusable cups.

#### 4. Reduce single-use plastic

Collect all the single-use plastic used in school in one week and share it in an assembly or a staff meeting. Think about the changes you can make to reduce the amount of plastic. This might mean switching suppliers, or buying reusable options, for example, whiteboard pens that can be refilled.

#### 5. Get food from a local supplier

Where could be more local than your own playground? Grow the food you can and teach children about where their food comes from. Look at local suppliers for the rest of the food. You'll be helping local producers, reducing food miles and almost certainly getting better quality produce.

#### 6. Uniform

Hold a uniform swap shop or a second-hand uniform sale to help to give school uniforms a second life. Provide the option for new uniforms to be bought ethically. Look at your current supplier and decide if there is a more sustainable option you could offer to parents.

#### 7. Walk to school

Encourage children to walk to school and help them understand the reason this is important. Talk to them about the benefits of exercise and the clearer air. If they can't walk the whole way to school, encourage them to walk part of the way.

#### 8. Make a home for wildlife

Create an area in the school grounds that is biodiverse. Grow plants from seeds, make a pond, make bird feeders, make bug hotels. Give the children the chance to slow down and get to know nature. When you've created a home for wildlife in the school, have a look around your local area and see if (subject to permission) there is a place your students could develop.

#### 9. Litter pick

Go on litter picking trips in your school ground and in your local area. Help to reduce the litter that ends up in waterways. Explain to the children how to litter pick safely and why this is such an important job.

#### 10. Achieve Eco-School status

The Eco Schools Green Flag Award is a great way to get some inspiration, and recognition, for your hard work in becoming an eco school.

# walking football

keeping it

# local

SINCE  
2002

We owe it to ourselves as we get older to maintain a level of health and fitness that is beneficial to our quality of life. Exercising our mind and body is important as both change significantly as we get older. It is our responsibility to ourselves to stay as fit and healthy as possible.

There is a National initiative to encourage our older generations back into a healthier lifestyle. At a time in life where we, the older generations, are marginalised by organised sports activities and society in general we are increasingly delivering a programme for the elderly to enjoy a safe and friendly environment to come and play Walking Football.

This is now an International format that encourages people in certain age groups to engage in a gentler version of football. There are players still playing in their late 80's and enjoying their second childhood through walking football. Walking Football helps to improve the physical health and mental wellbeing of people, supporting an independent living.

Notts County Supporters Walking Football work within a diverse community providing community harmony and understanding. "Whilst this has become a traditional format for the aging population, we have become aware of the format's benefits to younger generations who have limited mobility through either accident or medical conditions. Our inclusion policy encourages them to join in the sessions we currently run with the eventual idea of providing them a session for the younger age groups.

We provide opportunities to meet and play against teams from other areas fostering friendly mutual rivalry. Through respect, understanding and tolerance our sessions rekindle old and build new friendships among our group and with members from other Clubs running the same programmes.

Our mixed gender policies allow ladies over 40 to become involved or with our experience help them to establish a ladies session within our framework".

Walking Football is one of many activities that help to keep us fit. For people who played and enjoyed the thrill of football in their youth Walking Football is a slower format that brings back that excitement and provides opportunities for various layers of abilities.

For those less mobile it can be a gentle exercise and social occasion, for those more robust there is a friendly competitive level.

At Notts County Supporters Walking Football we engage with all aspects to provide the level you wish to play at. Iain McCulloch is an ex Notts County player and qualified Coach who includes fitness and coaching with humour on our Saturday sessions at Chilwell Olympia.

**Find out more...**

**If you are interested in meeting and making new friends through a mutual pastime, making new memories whilst reliving old ones and enjoying the open air while kicking a ball come and join in.**

breeze  
SINCE  
2002

**Beeston Fields Drive  
Beeston, NG9 3DB**

**£1,700,000**

A stunning Art Deco style 1930s five bedroom detached house.

This fabulous individual property offers a truly unique living space that has retained much of its original character though has also been significantly extended and improved by the current vendor offering quality fixtures and fittings throughout and benefiting from a particularly impressive open plan family room to the rear.

In brief the extensive and versatile interior comprises: Entrance porch, entrance hall, WC, sitting room, family room, dining marea, kitchen, utility, games room and sauna room to the ground floor. Rising to the first floor is a principle bedroom with en-suite, four further bedrooms with a Jack and Jill en-suite and family bathroom. The property also benefits from a boarded loft space.

Situated on a particularly large plot with double gated access to the front, driveway and triple garage and to the rear the property has a large and private landscaped garden with patio, lawn and mature shrubs and trees.

Occupying an exclusive location, a short walk from Beeston town centre and well placed for a range of transport links, this fabulous property simply must be seen to be truly appreciated.

# Chilwell Manor Golf Club

The club have had a busy 2021 so far. The installation of a community defibrillator, new Head PGA Pro, even wider golf coaching and the extension of facilities available to the community. Let's take a look behind the scenes ....

As a Club owned and run by its members, the Committee responded to a suggestion from one member, Rob Wood, who thought it might be an appropriate spot to host a community defibrillator. Collaboration quickly began and financial support was provided by the club members together with Cllr. Eric Kerry, The Lanes Primary School and the local Tennis Club.

people in the sport. They have worked with many local schools to widen participation in the game; often perceived, incorrectly, as an older persons pastime. Currently group coaching of young people from both Chilwell School and Toton Tigers Football Club is taking place. Please get in touch to explore their Junior golf provision.

*Pictured are Cllr. Eric Kerry, Chris Clift and Club Captain Peter Longdon along with students from The Lanes School.*

Cllr. Kerry said ... "It's great to see the Golf Club, Tennis Club and The Lanes Schools working together so their combined fundraising efforts could get the new defibrillator installed. I am very happy that some of my Nottinghamshire County Councillor's Divisional Fund money has helped them achieve their goal. Brilliant!"

Chris Clift, Chairman of the Tennis Club, which is the Notts LTA Club of the Year, added ... "When I heard about plans to install a defibrillator I was right behind the idea and so were others at the institute who were keen to support the golf club. It's hugely reassuring to have one in place and will benefit not just golfers but all of our local community who are within range. Well done CMGC for pioneering this initiative. We should all follow the lead and campaign for others so all of our community are in range of such a valuable resource."

As a Golf Roots Centre, the Club specialise in coaching young

In May this year, Kevin Lock joined the Club as Head PGA Professional following 10 years at Horsley Lodge GC. Kevin is proud to be just the fifth professional in the Club's 115 year history. It's worth knowing that it's not necessary to be a Club member to visit the Pro-shop - which is right next to the car park entrance. Please speak to Kevin about:

- **Individual or group tuition** from raw beginner to game improvement. All equipment is provided.
- **The extensive stock** he manages, including the biggest brands in golf. Kevin always endeavours to beat any on-line price and happily gives his professional advice.
- **Gift vouchers** - if you want to treat a loved one to a golf lesson or credit to spend in the shop.

**Finally** - the Club are very happy to accept bookings for Private Parties, Meetings, Life Celebrations and their renowned Sunday Carveries. It's so much more than just a place to play golf! Do get in touch to find out more .....

# beeston film festival

Arc Premiers Film Festival Screenings

keeping it

## local

SINCE 2002

Janequin's *La chasse* (1537), complete with hunting sound effects, and plays a royal family determined to reign supreme.

"Che si può fare?" counterpoints beautiful cinematography capturing the America urban landscape against a fragile brocade of sound. The film

November brings the first international short films night to the Arc Beeston. Beeston Film Festival presents a selection of the best of 2021 festival. The pandemic prevented in person screenings so we are overjoyed to share a collection of spectacular horror films to add to the halloween season. Films from the USA, Italy, England, Iran, France, Germany, and Spain will be seen for the first time on a Beeston big screen.

Included are the Horror B'Oscar winners for the past two years. "Seance" (winner 2020 from Germany) sees mentalist Erik Svenson and his medium Henriette Brandt summon ghosts for private and social occasions, but tonight's show doesn't go to plan. All of a sudden the harmless trick show disturbs a presence in this strange place.

Set very much in the real world is the 2021 Horror B'Oscar Winner, "Loculus". In an Iranian cemetery the morgue power system breaks down, and everyone has to bury the bodies; meanwhile, a ten-year-old boy does not want to bury his mother's body .... Amir Rooini's vision encapsulates the horror of heartbreak.

On the 29th November we welcome back our partner festival, Everyday Arias, for a return visit to Beeston. Everyday Arias film festival specialises in opera and world theatre equivalents such as Chinese opera, Noh, Kathakali etc.

The 2021 programme once again delivers a kaleidoscopic vision. Leading the way is the super cool, "The Stag Hunt". This modern satire on aristocracy, competition and extinction, draws from a sixteenth century musical curiosity about a king killing for sport, noble born killers if you like. British vocal ensemble I Fagiolini sings

transforms a baroque classic by female baroque composer, Barbara Strozzi, into a timely narrative with themes of isolation and vulnerability.

Whilst "The Children & The Wolf", a dramatic Palestinian film, follows a young boy, deprived of his innocence upon realizing his role model is being consumed by a tragedy. Now he must decide whether to confront his concerns or give into social state of affairs. Modern opera does not shy away from tough subjects.

So November is a ground-breaking month for both Beeston Film Festival and the Arc cinema. We look forward to seeing you there too.

More details will be available on:

## Race For Life

Well done to our local reader...  
"THANK YOU to everyone for sponsoring me and donating to my race for life, I raised £350 for cancer research, THANK YOU.

## Together Again

Nottingham Concert Band is delighted to be returning to Beeston on Saturday 27th November after a long hiatus with an evening of music to be performed at Beeston Methodist Church, Chilwell Road, NG9 1EH.

The programme will provide a wide selection of music ranging from contemporary music by Guy Woolfenden, popular marches by the likes of Sousa, a polka by Strauss, a couple of tv themes from years gone by plus a solo featuring one of the principals of the Band. There's even a bit of rock n roll.

'Together Again' starts at 7.30pm and is in aid of three charities nominated by the church – Datum Foundation, Forever Stars and Operation Orphan.

Tickets are £6 (£5 in advance); £3 for children and students, and are available from the church office on 0115 943 1164, or reserve via e-mail: music@nottinghamconcertband.org

## Advert Prayer Labyrinth

at St Michael & All Angels Parish Church, Bramcote, Friday 26th and Saturday 27th November any time between 10am and 4pm  
"We'll be stripping the church of its seats for the two days prior to Advent Sunday, and laying out a labyrinth that

twists and turns and takes you to the heart of the Christmas story – the child in the manger. The different stations on this journey invite you to pause and to use the symbols or materials you find there to think and reflect and pray.

## Send in your Event!

### FINALLY!

We can start promoting local events.

If you have an event or a group meeting coming up soon and you are non profit then please send the information through to [info@breeze-magazine.co.uk](mailto:info@breeze-magazine.co.uk) for our what's on section

# new vision with new head teacher

keeping it

local

SINCE  
2002

**The new Head Teacher at Alderman Pounder Infant and Nursery School situated on the Chilwell/Beeston border said that his first term in his new role has been exciting and rewarding.**

Setting out his new vision, and with some facility changes taking place at the school based on Eskdale Drive, Adam Butterworth-Drury said that his hopes for the school are beginning to take shape. "I am incredibly proud to be the new Head Teacher of Alderman Pounder, a school where our team and families work together to make it the warm and welcoming place it is. Children's infant years in education are so important to ensure that they develop as confident life-long learners who are curious about the world around them, and with the aspirations to make a positive impact.

"As Head, I am committed to ensuring that every child is supported to achieve their full potential during their time with us, and that they leave fully equipped to thrive in the next stage of their education. It's an incredibly exciting time to join the school!"

Adam says that during the summer, plans started taking shape to uplift the school's environment and signage with more facility updates on the way. The school's outdoor areas will be redeveloped including the school's wild garden and pets' corner, a revamp of the school's unique library bus and the introduction of new reading areas throughout the school to support its Early Reading and phonics scheme.

Adam said, "We want to increase our early years outdoor learning provision and are grateful that the school's Parent, Teacher and Friends Association (PTFA) have agreed to support our plans with fundraising. This will make such a difference to children's experience, and we know that with the PTFA's support and with the help of the school community that we can achieve our goals to enrich children's experience at Alderman Pounder."

Richard Daniels is Chair of Governors at the school, and he said, "On behalf of the Board of Governors, I am delighted to welcome Mr Butterworth-Drury to Alderman Pounder School. His leadership experience and specialist understanding of what it takes to run a successful Infant school makes him a perfect fit. Alderman Pounder School is already rated as a 'Good' school with OFSTED and enjoys an incredibly dedicated team who care about every one of our pupils. I truly believe Mr Butterworth-Drury's appointment will take the school to a whole new level, helping create an innovative environment for learning, filled with lifelong memories for our pupils and their parents."

Adam said that the school can look forward to a bright future. "Alderman Pounder is a fantastic school with amazing children who are a credit to their families.

"I know that the combined efforts of our amazing staff and Governors team, and with the invaluable support offered by the parents and families at Alderman Pounder, that we can turn our dreams for this school into reality."

# gardening...

keeping it

local

SINCE 2002

There is an organisation called the The Long Now Foundation which aims to foster a more long term approach to thinking about the future. Established in 1996 it went on to develop an intriguing mechanical clock which you can look up at [www.longnow.org](http://www.longnow.org). Imagine we could all have something that stayed with us and grew as we grew, changing as the years go by. An accompanying life that needed us and reminded us of the 'long now'.

This is where we might venture into the beautiful world of miniature trees and shrubs... or Bonsai as we know it.

This originally Japanese art has been around for thousands of years and is available to anyone, even a flat dweller with no garden as such.

## STARTING ON YOUR JOURNEY

Start with a sapling to speed up the initial process. Saplings are the perfect size for bonsai and you're already years ahead of schedule compared to starting a tree from a seed. Bonsai trees are just normal trees that are pruned and trained to remain small. That means you can choose just about any tree variety to bonsai.

Some preferred bonsai tree species include junipers, pines, Japanese maples, and Chinese elms. The sapling you choose should be proportionally appropriate for bonsai. An ideal tree will have small leaves or needles and the trunk should be naturally tapered, in other words, the trunk should be wider on the bottom and gradually become narrower on the top. Avoid choosing a sapling with large leaves or a weak trunk. Ideally, the sapling you choose should already have a natural, mature appearance before you start pruning and shaping it.

## GROWING

Choose saplings that are growing in a 1-gallon container. Typically, trees of this size will already have a more mature root system and a thicker trunk, two things that take years to properly develop.

There are a few steps to take to prepare a sapling for bonsai. You will start by gently remove the sapling from its original pot (if it was supplied with one) and begin removing excess soil from the roots. Be cautious not to break the main stem.

Before repotting the sapling, you'll need to prune the roots. By pruning the roots, you slow down its growth, so the tree does not quickly outgrow their shallow container. Bonsai trees require some rootwork to live a healthy life in a shallow container. Because of the limited water and nutrients stored in the small pot, roots will continue to grow in search of more. In a shallow pot, a bonsai's roots will grow in one area. It's best to prune roots during the slow growing season, usually in the late fall or early spring. Root pruning can shock a plant so the slow growth season helps reduce the stress on a bonsai tree.

As always, keep learning in the garden and, most of all... **Enjoy!**

# light up a life...

keeping it

# local

SINCE  
2002

## Dedicate lights this Christmas in memory of your loved ones...

Christmas is a special time when we think of those who were once so close to us. With a smile and a tear, you'll remember your loved ones and you'll want to keep their memory alive. You're not alone. This Christmas, Treetops Hospice invites you to dedicate a light on our virtual Christmas tree. Each light is a life remembered and a memory that lives on. Each light will also help to keep Treetops nursing local people.

### How to dedicate a light.

It is very simple to dedicate a light just go to [treetops.org.uk/lights](http://treetops.org.uk/lights). As well as adding a message you upload a photograph and share your dedication with others through your social media or email.

Donations made when dedicating a light make a real difference. Last year our tree shone with 600 lights, each a celebration of someone being remembered. These donations helped me and my fellow nurses care for around 80 local people over 25 days.

### Join Our Remembrance Service – free for everyone

Our annual Light Up A Life service is a remembrance event held at Christmas time.

It is a beautiful way to honour a loved one's memory at this special time of year.

As it is online you can come together with friends and family near and far to enjoy the music, readings, and take time to remember. The filmed service will be shown at 6pm on

Sunday 5 December on our website [treetops.org.uk/lights](http://treetops.org.uk/lights)

and will be available afterwards for you to view at your convenience. If we receive your dedication by 21 November, the names of your loved ones will be included in the online service.

## local

breeze  
SINCE  
2002

The members of Beeston u3a invite you to join them to have fun, learn new things, develop new interests and make new friends.

It should come as no surprise to local people that the Beeston branch of u3a, the UK wide movement of locally run interest groups for retired or semi-retired people, is extremely well supported, with 800 plus members, a lively programme of monthly open meetings and more than 80 interest groups.

Beeston u3a has been operating for more than ten years and is now fully active again after lockdown. Some groups are meeting in person, some choosing to remain online and some offering both options.

"Our Monthly Open meetings are held at 10am for 10:30am on the first Thursday of every month at The Methodist Church, Chilwell Road. Wherever possible we endeavour to offer a Zoom link as well.

Our speakers so far this year have ranged from The Great American Song Book to East Midlands Airport operations via North Korea and the Paralympics!"

Events for members coming up before Christmas include Wine Tasting and Wreath Making. New members are always welcome!

**More information at:**

**[www.beestonu3a.org.uk](http://www.beestonu3a.org.uk) or via email: [communications@beestonu3a.org.uk](mailto:communications@beestonu3a.org.uk)**

## learn, laugh, live

No longer working full-time or raising a family? Now's the time to make the most of life. **u3a** gives you the chance to develop your interests, make new friends and enjoy yourself.

# Why use a financial adviser?

Planning your finances on your own can be difficult and time consuming

keeping it

local

SINCE 2002

Obtaining guidance from a professional adviser could help you start 2018 on a firm financial footing - and save you money. Research shows that people who receive financial advice could be £40,000 better off within a decade (International Longevity Centre UK, July 2017) so it's worth speaking to an expert.

**"People who receive financial advice could be £40,000 better off within a decade"**

**Here are five things a financial adviser can do for you:**

## 1 Offer you extra insight and expertise

Even if you're an experienced investor, it's always a good idea to get a second opinion from a professional - especially when it comes to your finances. An advisor can give you that extra knowledge and expertise you need to help you achieve your goals.

## 2 Build the right financial plan for you

First and foremost your adviser will focus on you; listening to what you want out of life. Once they know more about you and your hopes, they will then build a long-term financial plan that's right for you.

## 3 Help you make the right decisions

They will make personal recommendations, help you make the right decisions, highlight what pitfalls to avoid, and support you in looking at the bigger financial picture. With years of experience behind them, they know the drawbacks to look out for and how to steer clear of them.

## 4 Help make your investments as tax efficient as possible

Tax is always a bugbear especially if it gets in the way of your financial plans. But there are ways you can improve the tax-efficiency of your investments. An adviser will take these into consideration when developing your financial plan - and make sure you don't miss out on opportunities to reduce the tax you're paying on your returns.

## 5 Access the right tools and resources

With thousands of products on the market, finding the right one can be difficult. An adviser has access to a range of resources, which can help them to recommend suitable products for you.

SINCE  
2002

**Emmanuel House is delighted to confirm the re-opening of its Winter Shelter. The charity will offer accommodation for up to 22 people per night – ensuring there are fewer people on the streets during the coldest months of the year.**

Prior to the pandemic, the Nottingham Winter Shelter, which has been running since 2006, utilised shared spaces, such as church halls, to offer accommodation to people who were rough sleeping each night.

At the peak of the virus and as part of the Government's 'Everyone In' initiative, the Shelter provision was moved to single rooms in local hotels where guests were able to safely self-isolate. The 24 hour wrap-around support this accommodation model offered proved invaluable and a total of 178 people moved into long-term accommodation. This provision came to an end earlier this year, but Covid regulations and restricted numbers have meant that a return to previous locations is no longer feasible.

In order to find a new solution that enables us to continue with the Winter Shelter, accommodation has been offered by The University of Nottingham at a cost-neutral rate. This will allow support work to continue during the day as guests are helped to find work, permanent accommodation and access other services. The Winter Shelter will utilise an empty building on the University Campus. This will be modified with the use of temporary walls and screens, so that each guest has their own space within current guidelines, with additional rooms on a separate floor to be used as isolation rooms if a guest tests positive for Covid-19. The Winter Shelter will offer 24 hour access, so that if there is another lockdown, guests will be able to use their rooms all day.

Denis Tully, CEO at Emmanuel House, said: "The accommodation the University of Nottingham is able to provide enables us to build on the legacy of Everybody In when we moved 179 people into accommodation solutions. I am very grateful to the University for all its support for this vital service as without its collaboration it is likely the service would not have happened this year. It's an exciting time for the project.

"Historically the shelter has been located in a number of different residential areas around the city and has a record of being of the highest standard. This was recognised when it was awarded the Housing Justice gold standard quality mark."

The Nottingham Winter Shelter serves the needs of homeless and vulnerable people during the coldest months of the season. We provide them with shelter, acceptance, physical and emotional support, and encouragement in making positive changes in their lives. Anyone over the age of 18 can access the services regardless of their personal characteristics or cultural identity.

Ashley Roberts, Head of Campus Services, is leading the project. He said: "By supporting this work, up to 22 people will be off the streets and in a warm and safe location each night.

"We've already been able to offer donations of clothes and other items and the charity is grateful to those who might also be able to offer their time to volunteer to support them. We're delighted that our Asymptomatic Testing Service can also support their work and help keep everyone safe. It shows all aspects of the university coming together to make a really positive difference to people's lives."

The Nottingham Winter Shelter provides a lifeline for the most vulnerable people in our society, giving them a safe space where they can find welcome, warmth and rest, food and drink and support and advice that can help them move away from homelessness to a brighter future. If the Winter Shelter is unable to operate, many needy people will be at risk, this year even more than usual. Homeless people face not only the usual dangers from cold and wet weather, but also additional dangers of catching and spreading Covid-19 whilst sleeping rough or sofa surfing and unable to readily access healthcare. The provision will last until March 2022. **Information on volunteering, job vacancies and fundraising can be found at [www.emmanuelhouse.org.uk](http://www.emmanuelhouse.org.uk)**
